Such insurance coverage shall be in form, and from companies, acceptable to Village. The insurance coverages and limits set forth below shall be deemed to be minimum coverages and limits and shall not be construed in any way as a limitation on Contractor's duty to carry adequate insurance or on Contractor's liability for losses or damages under this Contract. **The minimum insurance coverages and deductibles shall be consistent with the coverage and requirements noted in the attached Exhibit D** and limits that shall be maintained at all times while providing, performing, or completing the Work are as follows:

The insurer shall agree to waive all rights of subrogation against the Village, its officials, agents, employees and volunteers for losses arising from work performed by Contractor for the Village and will have in place a "NCCI Alternate Employer Endorsement (WC 000301)" to insure that workers' compensation coverage applies under contractor's, coverage rather than Village's.

2. Comprehensive Motor Vehicle Liability

Limits for vehicles owned, non-owned or rented shall not be less than:

3. Comprehensive General Liability

If this Contract is accepted, to the fullest extent permitted by law, the Contractor hereby agrees to defend, indemnify and hold harmless the Village, its officials, agents and employees, against all injuries, deaths, loss, damages, claims, patent claims, suits, liabilities, judgments, cost and expenses, which may in anywise accrue against the

Village, its officials, agents and employees, arising in whole or in part or in consequence of the performance of this work by the Contractor, its employees, or subcontractors, or which may in anywise result therefor, except that arising out of the sole legal cause of the Village, its agents or employees, the Contractor shall, at its own expense, appear, defend and pay all charges of attorneys and all costs and other expenses arising therefor or incurred in connections therewith, and, if any judgment shall be rendered against the Village, its officials, agents and employees, in any such action, the Contractor shall, at its own expense, satisfy and discharge the same.

Contractor expressly understands and agrees that any performance bond or insurance policies required by this contract, or otherwise provided by the Contractor, shall in no way limit the responsibility to indemnify, keep and save harmless and defend the Village, its officials, agents and employees as herein provided.

The Contractor further agrees that to the extent that money is due the Contractor by virtue of this contract as shall be considered necessary in the judgment of the Village, may be retained by the Village to protect itself against said loss until such claims, suits, or judgments shall have been settled or discharged and/or evidence to that effect shall have been furnished to the satisfaction of the Village.

C. **Penalties.** If this Contract is accepted, Contractor proposes, and agrees, that Contractor shall be solely liable for any fines or civil penalties that are imposed by any governmental or quasi-governmental agency or body that may arise, or be alleged to have arisen, out of or in connection with Contractor's performance of, or failure to perform, the Work or any part thereof.

V. **Firm Proposal.** All prices and other terms stated in this Contract are firm and shall not be subject to withdrawal, escalation, or change provided Village accepts this Contract within 45 days after the date this sealed Contract is opened.

VI. **Contractor's Representations and Warranties.** In order to induce Village to accept this Contract, Contractor hereby represents and warrants as follows:

A. **The Work.** The Work, and all of its components, shall be of merchantable quality; shall be free from any latent or patent defects and flaws in workmanship, materials, and design; shall strictly conform to the requirements of this Contract, including, without limitation, the performance standards set forth in Subsection I.B., above; and shall be fit, sufficient, and suitable for the purposes expressed in, or reasonably inferred from, this Contract and the warranties expressed herein shall be in addition to any other warranties expressed or implied by law, which are hereby reserved unto Village.

B. **Compliance with Laws.** The Work, and all of its components, shall be provided, performed, and completed in compliance with, and Contractor agrees to be bound by, all applicable federal, state, and local laws, orders, rules, and regulations, as they may be modified or amended from time to time, including without limitation the Prevailing Wage Act, 820 ILCS 130, to the extent applicable.

- C. Not Barred. Contractor is not barred by law from contracting with Village or with any other unit of state or local government as a result of a violation of either Section 33E-3 or Section 33E-4 of Article 33 of the Criminal Code of 1961, 720 ILCS 5/33E-1 et seq.
- D. Qualified. Contractor has the requisite experience, ability, capital, facilities, plant, organization, and staff to enable Contractor to perform the Work successfully and promptly and to commence and complete the Work within the Contract Price and Contract Time Proposals set forth above.

VII. Village's Remedies

If it should appear at any time prior to Final Payment that Contractor has failed or refused to prosecute, or has delayed in the prosecution of, the Work with diligence at a rate that assures completion of the Work in full compliance with the requirements of this Contract, or has attempted to assign this Contract or Contractor's rights under this Contract, either in whole or in part, or has falsely made any representation or warranty in this Contract, or has otherwise failed, refused, or delayed to perform or satisfy any other requirement of this Contract or has failed to pay its debts as they come due ("**Event of Default**"), and has failed to cure any such Event of Default within five business days after Contractor's receipt of written notice of such Event of Default, then Village shall have the right, at its election and without prejudice to any other remedies provided by law or equity, to pursue any one or more of the following remedies:

- A. Village may require Contractor, within such reasonable time as may be fixed by Village, to complete or correct all or any part of the Work that is defective, damaged, flawed, unsuitable, nonconforming, or incomplete; to remove from the Work Site any such Work; to accelerate all or any part of the Work; and to take any or all other action necessary to bring Contractor and the Work into strict compliance with this Contract.
- B. Village may perform or have performed all Work necessary for the accomplishment of the results stated in Paragraph 1 above and withhold or recover from Contractor all the cost and expense, including attorneys' fees and administrative costs, incurred by Village in connection therewith.
- C. Village may terminate this Contract.
- D. Village may withhold from any Progress Payment or Final Payment, whether or not previously approved, or may recover from Contractor, any and all costs, including attorneys' fees and administrative expenses, incurred by Village as the result of any Event of Default or as a result of actions taken by Village in response to any Event of Default.
- E. Village may recover any damages suffered by Village.

VIII. Acknowledgements. In submitting this Contract, Contractor acknowledges and agrees that:

- A. Reliance. Village is relying on all warranties, representations, and statements made by Contractor in this Contract.
- B. Reservation of Rights. Village reserves the right to reject any and all proposals, reserves the right to reject the low-price proposal, and reserves such other rights as are set forth in the Instructions to Contractors.
- C. Acceptance. If this Contract is accepted, Contractor shall be bound by each and every term, condition, or provision contained in this Contract and in Village's written notification of acceptance in the form included in this bound set of documents. Furthermore, acceptance of this Contract, together with the Contract attached hereto, constitutes the entire and only agreement between the parties relating to the accomplishment of the Work and the compensation therefor and supersedes and merges any other prior or contemporaneous discussions, agreements, or understandings, whether written or oral, and shall prevail over any contradictory or inconsistent terms or conditions contained in any purchase order, acceptance, acknowledgement, invoice, or other standard form used by the parties in the performance of the Contract. Any such contradictory or inconsistent terms or conditions shall be deemed objected to by Village without further notice of objection and shall be of no effect nor in any circumstances binding upon Village unless accepted by Village in a written document plainly labeled "Amendment to Contract." Acceptance or rejection by Village of any such contradictory or inconsistent terms or conditions shall not constitute acceptance of any other contradictory or inconsistent terms or conditions.
- D. Remedies. Each of the rights and remedies reserved to Village in this Contract shall be cumulative and additional to any other or further remedies provided in law or equity or in this Contract.
- E. Time. Time is of the essence of this Contract and, except where stated otherwise; references in this Contract to days shall be construed to refer to calendar days.
- F. No Waiver. No examination, inspection, investigation, test, measurement, review, determination, decision, certificate, or approval by Village, whether before or after Village's acceptance of this Contract; nor any information or data supplied by Village, whether before or after Village's acceptance of this Contract; nor any order by Village for the payment of money; nor any payment for, or use, possession, or acceptance of, the whole or any part of the Work by Village; nor any extension of time granted by Village; nor any delay by Village in exercising any right under this Contract; nor any other act or omission of Village shall constitute or be deemed to be an acceptance of any defective, damaged, or nonconforming Work, nor operate to waive or otherwise diminish the effect of any representation or warranty made by Contractor; or of any requirement or provision of this Contract; or of any remedy, power, or right of Village.

- G. Severability. The provisions of this Contract shall be interpreted when possible to sustain their legality and enforceability as a whole. In the event any provision of this Contract shall be held invalid, illegal, or unenforceable by a court of competent jurisdiction, in whole or in part, neither the validity of the remaining part of such provision, nor the validity of any other provisions of this Contract shall be in any way affected thereby.
- H. Amendments. No modification, addition, deletion, revision, alteration, or other change to this Contract shall be effective unless and until such change is reduced to writing and executed and delivered by Village and Contractor.
- I. Assignment. Neither this Contract, nor any interest herein, shall be assigned or subcontracted, in whole or in part, by Contractor except upon the prior written consent of Village.
- J. Governing Law. This Contract and the rights of the parties under this Contract shall be interpreted according to the internal laws, but not the conflict of law rules, of the State of Illinois.
- K. Exhibits. Exhibits A, B, C and D are hereby incorporated into and made a part of this Contract; provided, however, that to the extent there is a conflict between the terms of this Contract and any provision set forth in any exhibit, the terms of this Contract shall prevail.

Exhibit D
(Insurance Coverage)

DEDUCTIBLES AND SELF-INSURED RETENTIONS

Any deductibles or self-insured retentions must be declared to and approved by the Village. At the option of the Village, either: the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects the Village, its officials, agents, employees and volunteers; or the Contractor shall procure a bond guaranteeing payment of losses and related investigation, claim administration and defense expenses.

OTHER INSURANCE PROVISIONS

The policies are to contain, or be endorsed to contain, the following provisions:

A. General Liability and Automobile Liability Coverages

1. The Village, its officials, agents, employees and volunteers are to be covered as additional insured's as respects: liability arising out of the Contractor's work, including activities performed by or on behalf of the Contractor; products and completed operations of the Contractor; premises owned, leased or used by the Contractor; or automobiles owned, leased, hired or borrowed by the Contractor. The coverage shall contain no special limitations on the scope of protection afforded to the Village, its officials, agents, employees and volunteers.
2. The Contractor's insurance coverage shall be primary as respects the Village, its officials, agents, employees and volunteers. Any insurance or self-insurance maintained by the Village, its officials, agents, employees and volunteers shall be excess of Contractor's insurance and shall not contribute with it.
3. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the Village, its officials, agents, employees and volunteers.
4. The Contractor's insurance shall contain a Severability of Interests/Cross Liability clause or language stating that Contractor's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.
5. If any commercial general liability insurance is being provided under an excess or umbrella liability policy that does not "follow form," then the Contractor shall be required to name the Village, its officials, agents, employees and volunteers as additional insureds.

6. All general liability coverage shall be provided on an occurrence policy form. Claims-made general liability policies will not be accepted.
7. The contractor and all subcontractors hereby agree to waive any limitation as to the amount of contribution recoverable against them by Village. This specifically includes any limitation imposed by a state statute, regulation, or case law including any workers' Compensation Act provision that applies a limitation to the amount recoverable in contribution such as Kotecki v. Cyclops Welding.

B. Workers' Compensation and Employers' Liability Coverage

The insurer shall agree to waive all rights of subrogation against the Village, its officials, agents, employees and volunteers for losses arising from work performed by Contractor for the municipality (negotiable -- may not be needed on smaller contracts with limited exposure).

1. NCCI Alternate Employer Endorsement (WC 000301) in place to insure that workers' compensation coverage applies under contractor's, coverage rather than Village's if the Village is borrowing, leasing or in day to day control of contractor's employee.

C. All Coverages

Each insurance policy required shall have the Village expressly endorsed onto the policy as a Cancellation Notice Recipient. Should any of the policies be cancelled before the expiration date thereof, notice will be delivered in accordance with the policy provisions.

ACCEPTABILITY OF INSURERS

Insurance is to be placed with insurers with a Best's rating of no less than A-, VII and licensed to do business in the State of Illinois.

VERIFICATION OF COVERAGE

Contractor shall furnish the Village with certificates of insurance naming the Village, its officials, agents, employees and volunteers as additional insureds (Exhibit C), and with original endorsements affecting coverage required by this clause.

SUBCONTRACTORS

Contractor shall include all subcontractors as insureds under its policies or shall furnish separate certificates and endorsements for each subcontractor. All coverages for subcontractors shall be subject to all of the requirements stated herein.

ASSUMPTION OF LIABILITY

The contractor assumes liability for all injury to or death of any person or persons including employees of the contractor, any sub-contractor, any supplier or any other person and assumes liability for all damage to property sustained by any person or persons occasioned by or in any way arising out of any work performed pursuant to this agreement.
