LETTER OF TRANSMITTAL

To the Honorable Village President and Members of the Village Board, and
Citizens of the Village of Kildeer:

The annual report for the Village of Kildeer for the fiscal year which began May 1, 2016 and ended April 30, 2017 (FY 2017) is hereby submitted. The report meets the State of Illinois' requirement that local governments publish a complete set of audited financial statements, presented in conformity with generally accepted auditing standards, within six months of closing the fiscal year.

The Village established internal controls designed to protect the municipality's assets from loss, theft, misuse and to enable the Village to compile complete and reliable information. The controls in place were designed to provide reasonable, rather than absolute assurance, that the financial statements presented are free from material misstatements. To the best of our knowledge, this financial report is accurate and complete in all material aspects. It fairly reflects the Village's financial position and changes in the position of various Village funds and the financial condition of the Village as a whole. Responsibility for the accuracy of the data in this report and completeness of its presentation lies solely with the Village of Kildeer's management staff.

We are pleased to report that the independent auditing firm of Lauterbach & Amen, LLP issued an unmodified opinion on the Village of Kildeer's financial statements for FY 2017. The opinion from Lauterbach & Amen, LLP is located at the front of the Financial Section of this report.

Included with the financial statements is a narrative overview and analysis of the financial statements known as the Management Discussion and Analysis (MD&A). The MD&A complements this transmittal letter and should be read in conjunction with this letter. The financial statements are supplemented by notes to the financial statements and include a view at the Village-wide level and at the individual fund level.

1. Profile of the Government

The Village of Kildeer was incorporated in 1958 as a non-home rule municipality. The Village is located in Lake County, Illinois, approximately 30 miles northwest of Chicago. Kildeer is an upscale residential community of over 1,300 homes on spacious wooded lots. The Village is ranked as one of the top suburbs based on such factors as school quality, services and low crime.

The Village is governed by a Board consisting of a President and six Trustees, all of whom are elected at-large on a non-partisan basis. The Village Board is invested with policy-making and legislative authority. The Board is responsible for passing ordinances, adopting the budget, appointing committees, and approving the appointments of the Chief Village Officer, Police Chief and Village Attorney. The Village President is elected to serve a four year term and Village Trustees serve four-year staggered terms, with three Board members elected every two years. The elected officials collectively work as a unified Board, volunteering their time and resources to advance the interests of the residents and the Village.

The Chief Village Officer is responsible for applying Board policy and conducting the day-to-day operations of the Village which include a wide range of services and departments. Those services include administrative, financial, police protection, public works, planning and zoning, economic development, code enforcement, and cultural/community events. The Chief Village Officer is also responsible for reviewing the annual budget.

The Village usually adopts its budget each April which, by ordinance, must be adopted no later than May. The budget serves as the foundation for the Village's financial planning and control. The budget is prepared by the Finance Director with input from the Police Chief and submitted to the Chief Village Officer for review. Following an administrative review and adjustments, the budget is presented to the Village Board which holds public hearings. The Village Board may add to, subtract from or change budgeted amounts.

2. The Reporting Entity

This report includes all activities and functions of the Village that are under the jurisdiction of the Board of Trustees, as set forth in state and local law. The Police Pension Fund is governed by a separate board, but the Village is obligated to fund the police pension based on actuarial valuations.

3. Local Economy and Finances

The Village's largest revenue source is sales tax. Presently there are four shopping centers in the Village which account for the vast majority of retail sales. Businesses in the fourth shopping center began opening in April 2017 and all of the businesses are expected to be open prior to the close of the FY 2018.

In FY 2017, the only retail sales tax rebate agreement was for the Kildeer Marketplace shopping center. That agreement ends in 2025 or when total payments to the developer reach \$1,250,000, whichever occurs first. A retail sales tax rebate agreement was also approved by the Village Board for the newest shopping center and it will go into effect in FY 2018.

The Village's second largest revenue source is property tax. Property tax receipts continue to increase due to a combination of new construction, renovation of existing property, and the policy of capturing the value of improvements each year in the tax levy. The market for residential development in the Village is strong. A new thirty-one single family home subdivision, where the anticipated selling price is over \$800,000, received final approval from the Village Board in February 2016 and construction is expected to begin in 2018.

Village management aggressively monitors revenues and adjusts operating expenditures to stay within budgeted amounts. This process of self-regulation ensures that sufficient cash flow is maintained throughout the fiscal year.

4. Long-term Financial Planning

The FY 2017 budget approved by the Village Board is balanced and the management of that budget involves critical examination of each line item to search for cost saving opportunities, improved efficiencies and ways to increase revenue through non-property tax initiatives. One of the purposes of the budget is to organize financial information so that decision makers can identify the cost of services and prioritize the value of those services. A Village goal is to promote financial health by increasing fund balances and providing adequate reserves. For the seventh year in a row, FY 2017 ended with fund balance increases in both the General Fund and Motor Fuel Tax Fund.

Another goal is to fully fund the Police Pension. That goal will take several years to accomplish.

5. Major Accomplishments and Initiatives

The following major accomplishments and initiatives occurred in FY 2017:

Reserves. A need to increase the Village's General Fund reserves was identified by the Chief Village Officer several years ago. Numerous recommendations were made to the Village Board regarding revenues and expenditures and by the close of FY 2017 the Village's reserves increased to 109% of the FY 2017 total operating expenses. The need for adequate reserves is especially important to the Village of Kildeer where sales tax is the largest source of revenue. Unlike municipalities where property tax is the main revenue source, a downturn in the economy or a disruption in retail sales can result in significant losses of monthly revenues. The Village proactively purchased insurance to mitigate the risk from unexpected damage to the shopping centers that prevent retail sales and the loss of sales tax revenue.

Intergovernmental Agreements. Significant cost savings were achieved by joining with other municipalities for road paving projects, police dispatch services, fuel purchases, vehicle maintenance, road salt purchases and right-of-way maintenance.

Labor Contract. A multiyear collective bargaining agreement was successfully negotiated with police officers to bring certainty to personnel costs through FY 2018.

Police Pension. The Kildeer Police Pension was created in 2007 and the first retiree began to draw from the fund in 2009. Now there are more people drawing from the fund than active police officers. In 2015 the police pension was 38% funded and in 2016 that figure dropped to 34% funded despite an additional Village contribution of \$150,000 above the \$450,000 as recommended by the pension fund actuary. The percentage decrease followed the adoption of a new mortality table that reflected a longer lifespan for pension beneficiaries. In FY 2017 the pension fund was again 38% funded. The Village Board's goal is to fully fund the pension before the year 2040.

Property Records Digitalization. The Village maintains over one thousand five-hundred files on individual residential and commercial lots and an ongoing project is to make sure that all new property records are in a digital format.

Police Records. The Police Chief is leading an ongoing intergovernmental initiative to move towards a digital records management system. The new system, as envisioned, will not only allow for storage, retrieval and copying of files electronically, but it will allow records to be shared with other law enforcement agencies and the public more easily.

E-Citation. Another ongoing intergovernmental initiative lead by the Police Chief is the creation of a new system which will transmit data entered by a police officer while on duty directly into a computer so that it will be shared with the Lake County Clerk of the Court and the Village simultaneously. Sharing data in this fashion not only creates a digital record but avoids the current practice of different agencies typing the same data into separate computer systems. The E-Citation program was approved for use in Lake County by the Chief Judge in September 2017.

Refinancing Village Debt. In 2002 the Village issued debt certificates to raise money to fund the construction of Village Hall. In 2011 the Village took advantage of relatively low interest rates and refinanced the debt by again issuing debt certificates. In 2016 the Village Board passed a parameters ordinance to establish conditions under which the 2011 debt could be refinanced to improve the financial position of the Village. Those market conditions have not yet been met.

New Commercial Development. A new shopping center containing 180,000 sq. ft. of retail space is almost fully constructed and businesses began opening in April 2017. The new center will contribute to the sales tax revenue received by the Village.

New Residential Development. A new single family subdivision consisting of 31 homes was approved by the Village Board and construction is expected start sometime in 2018. Two additional residential subdivisions are proposed which could add 94 more homes to the Village.

6. Other Information

For the fifth year in a row, the Village of Kildeer was recognized by the Government Finance Officers Association of the United States and Canada (GFOA) for excellence in financial reporting in connection with its 2015-2016 Comprehensive Annual Financial Report (CAFR). This prestigious award is a significant accomplishment for the Finance Director and Chief Village Officer and represents a commitment towards financial planning and enhancement of the Village's financial health.

We believe that our current CAFR meets the GFOA's requirements.

The Village of Kildeer incorporates conservative assumptions and projections in its financial affairs. Fiscal discipline exercised by management during the year led to revenue exceeding expenses and created a net increase in assets and growth in the Village's General Fund. In all, the Village's finances as reflected in the CFAR are stable and sound.

7. Acknowledgements

The preparation of the comprehensive annual financial report was made possible by the dedicated service of everyone who makes up the Village's administrative staff. We wish to thank the Chief of Police for his contributions and recognize the President and Board of Trustees who work together to achieve the highest standards of excellence in planning and conducting the financial operations of the Village.

Respectfully submitted,

INDEPENDENT AUDITORS' REPORT

INDEPENDENT AUDITORS' REPORT

September 26, 2017

The Honorable Village President
Members of the Board of Trustees
Village of Kildeer, Illinois

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Village of Kildeer, Illinois, as of and for the year ended April 30, 2017, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Village's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Village of Kildeer, Illinois, as of April 30, 2017, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents and budgetary information reported in the required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village of Kildeer, Illinois' basic financial statements. The introductory section, combining and individual fund financial statements and budgetary comparison schedules, supplemental schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual fund financial statements and budgetary comparison schedules and supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and budgetary comparison schedules and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

LAUTERBACH & AMEN, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

VILLAGE OF KILDEER, ILLINOIS

Management's Discussion and Analysis April 30, 2017

Our discussion and analysis of the Village of Kildeer's financial performance provides an overview of the Village's financial activities for the fiscal year ended April 30, 2017. Please read it in conjunction with the transmittal letter, which begins on page iii and the Village of Kildeer's financial statements, which begin on page 3.

FINANCIAL HIGHLIGHTS

- The Village of Kildeer's overall net position is determined by changes in governmental type activities. Governmental activities decreased by a \$404,899 or 1.9 percent.
- During the year, government-wide revenue totaled \$4,571,972, while expenses totaled \$4,976,871 resulting in a decrease to net position of \$404,899.
- The Village of Kildeer's net position totaled \$20,812,365 on April 30, 2017, which includes \$21,314,669 net investment in capital assets, \$618,735 subject to external restrictions, and unrestricted (deficit) net position of \$1,121,039.
- The General Fund contained a surplus on April 30, 2017 of \$368,944, resulting in an ending fund balance of \$4,623,598, an increase of 8.7 percent.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities on pages 3 - 5 provide information about the activities of the Village of Kildeer as a whole and present a longer-term view of the Village's finances. Fund financial statements begin on page 6. For governmental activities, these statements identify how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Village of Kildeer's operations in more detail than the government-wide statements by providing information about the Village's most significant funds. The remaining statements provide financial information about activities for which the Village of Kildeer acts solely as a trustee or agent for the benefit of those outside of the government.

VILLAGE OF KILDEER, ILLINOIS

Management's Discussion and Analysis April 30, 2017

USING THIS ANNUAL REPORT – Continued

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the Village of Kildeer's finances, in a matter similar to a private-sector business. The government wide financial statements can be found on pages 3 - 5 of this report.

The Statement of Net Position reports information on all of the Village of Kildeer's assets/deferred outflows and liabilities/deferred inflows. The difference between asset/deferred outflows and liabilities/deferred inflows is reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Village of Kildeer is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the property tax base and the condition of the infrastructure, is needed to assess the overall health of the Village.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Governmental activities of the Village of Kildeer include general government, public safety, and public works. Governmental activities are principally supported by taxes and intergovernmental revenues. The Village does not provide any business-type activities.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village of Kildeer, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Village of Kildeer can be divided into two categories: governmental funds and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Village of Kildeer's near-term financing requirements.

VILLAGE OF KILDEER, ILLINOIS

Management's Discussion and Analysis April 30, 2017

USING THIS ANNUAL REPORT – Continued

Fund Financial Statements – Continued

Governmental Funds – Continued

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The Village of Kildeer maintains three individual governmental funds: the General Fund, the Motor Fuel Tax Fund and the Capital Projects Fund. Each is considered a major fund. Information is presented for each major fund separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance.

The Village of Kildeer adopts an annual appropriated budget for all governmental funds. A budgetary comparison schedule for all funds has been provided to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 6 - 9 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Village of Kildeer's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary funds financial statements can be found on pages 10 - 11 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 12 - 44 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information including the Village of Kildeer's participation in the Illinois Municipal Retirement Fund (IMRF), police pension obligations, and budgetary schedules for the General Fund and the Motor Fuel Tax Fund. Required supplementary information can be found on pages 45 - 53 of this report. Additional budgetary comparison schedules can be found on pages 54 - 60 of this report.

VILLAGE OF KILDEER, ILLINOIS

Management's Discussion and Analysis April 30, 2017

USING THIS ANNUAL REPORT – Continued

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. The following tables show that the Village of Kildeer's assets/deferred outflows exceeded liabilities/deferred inflows by \$20,812,365.

	Net Position	
	2017	2016
Current and Other Assets	\$ 7,071,158	6,387,388
Capital Assets	22,879,933	23,695,420
Total Assets	29,951,091	30,082,808
Deferred Outflows	937,544	1,238,137
Total Assets/ Def. Outflows	30,888,635	31,320,945
Long-Term Debt	8,667,747	9,062,089
Other Liabilities	291,842	228,092
Total Liabilities	8,959,589	9,290,181
Deferred Inflows	1,116,681	813,500
Total Liabilities/ Def. Inflows	10,076,270	10,103,681
Net Position		
Net Investment		
in Capital Assets	21,314,669	22,050,905
Restricted	618,735	515,401
Unrestricted	(1,121,039)	(1,349,042)
Total Net Position	20,812,365	21,217,264

A large portion of the Village of Kildeer's net position, \$21,314,669, reflects its investment in capital assets (land, roads, buildings, equipment, and vehicles), less any related debt used to acquire those assets that is still outstanding. The Village of Kildeer uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Village of Kildeer's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion, \$618,735, of the Village of Kildeer's net position represents resources that are subject to external restrictions on how they may be used. The remaining deficit of \$1,121,039, represents unrestricted net position.

VILLAGE OF KILDEER, ILLINOIS

Sales Taxes	1,879,136	1,886,793
Local Use	97,664	92,071
Interest Income	16,239	7,897
Other General Revenues	174,094	183,609
Total Revenues	<u>4,571,972</u>	<u>4,674,738</u>
Expenses		
General Government	1,089,598	976,424
Public Safety	2,273,568	2,764,068
Public Works	1,534,150	2,176,737
Interest on Long-Term Debt	79,555	82,055
Total Expenses	<u>4,976,871</u>	<u>5,999,284</u>
Change in Net Position	(404,899)	(1,324,546)
Net Position-Beginning	<u>21,217,264</u>	<u>22,541,810</u>
Net Position-Ending	<u>20,812,365</u>	<u>21,217,264</u>

Net position of the Village of Kildeer's governmental activities decreased by 1.9 percent (\$20,812,365 in 2017 compared to \$21,217,264 in 2016). Unrestricted net position, the part of net position that can be used to finance day-to-day operations without constraints, totaled a deficit of \$1,121,039 on April 30, 2017.

VILLAGE OF KILDEER, ILLINOIS

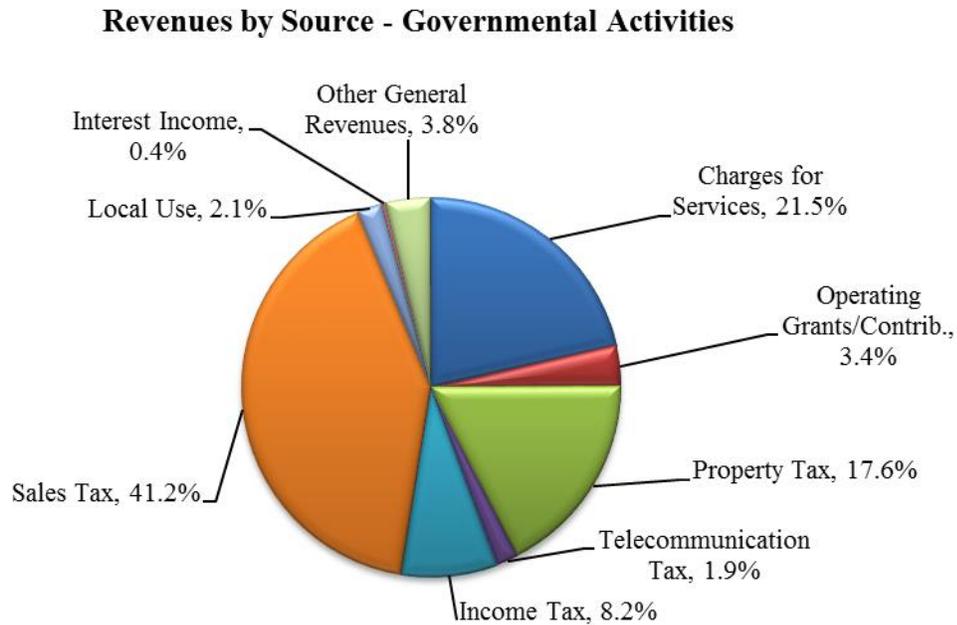

Management's Discussion and Analysis April 30, 2017

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Governmental Activities

Revenues for governmental activities totaled \$4,571,971, while the cost of all governmental functions totaled \$4,976,871. This results in a deficit of \$404,899. In 2016, revenues of \$4,674,738 exceeded expenses of \$5,999,284, resulting in a deficit of \$1,324,546. In fiscal year 2017, the deficit is due primarily to changes in the police pension net pension liability and deferred items related to GASB Statement No. 68.

Revenue sources of the Village of Kildeer are graphically illustrated on the following pie chart. It depicts very clearly the reliance on sales tax, property tax, charges for services and income tax to fund governmental activities. The less significant percentages the Village receives are telecommunication tax, local use tax, grants and interest income are also shown on the pie chart.

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Governmental Activities – Continued

The Expenses and Program Revenues histogram identifies those governmental functions where program expenses greatly exceed revenues.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Village of Kildeer uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the Village of Kildeer's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, an unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The Village of Kildeer's governmental funds reported combined ending fund balances of \$6,053,809, is \$607,784, or 11.2 percent, less than last year's total of \$5,446,025. Of the \$6,053,809 total, \$4,308,340 or approximately 71.2 percent, of the fund balance constitutes unassigned fund balance.

The General Fund had a positive change in fund balance of \$368,944, an increase of 8.7 percent. This increase was due, mainly, to higher than budgeted building permit fees. Expenses in fiscal year 2017 were kept under budgeted amounts.

VILLAGE OF KILDEER, ILLINOIS

Management's Discussion and Analysis April 30, 2017

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS – Continued

The General Fund is the chief operating fund of the Village. On April 30, 2017 the unassigned fund balance in the General Fund was \$4,308,340, which represents 93.2 percent of the total fund balance of the General Fund. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance in the General Fund represents approximately 108.7 percent of total General Fund expenditures.

The Motor Fuel Tax Fund reported an increase to fund balance of \$103,334. There were no expenditures from the Motor Fuel Tax Fund in FY 2017 and the restricted fund balance of \$618,735 will be used to fund future qualifying projects.

The Capital Projects Fund reported an increase of \$135,506 resulting from a small increase in interest income and an inter-fund operating transfer from the General Fund.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Village of Kildeer board made no budget amendments to the General Fund during the year. General Fund actual revenues for the year totaled \$4,468,132 compared to budgeted revenues of \$4,100,000. Actual revenues were higher than budgeted by \$368,132, which is 9.0 percent higher than budgeted. Positive changes between budget and actual amounts were possible due to the use of conservative assumptions and higher than budgeted building permit fees of \$389,098 from the construction of a new shopping center in the Village.

The General Fund actual expenditures for the year totaled \$3,964,188 compared to budgeted expenditures of \$4,100,000. Actual expenditures were lower than budgeted by \$135,812, or 3.3 percent. The Village worked diligently during the year to control expenditures.

- Administration Department reported actual expenditures of \$1,113,168 compared to budget of \$1,010,493, resulting in a negative variance of \$102,675. This variance was primarily due to the cost of the inspections for the new shopping center that was built in the Village.
- Police Department reported actual expenditures of \$2,037,340 compared to its budget of \$2,130,000 resulting in a positive variance of \$99,660. This positive variance was due to a delay in hiring a patrol officer to fill a budgeted position.
- Public Works Department went under budget by \$145,827. Selection of an alternate plan to complete a budgeted drainage project resulted in a decrease in materials and labor.

The General Fund for FY 2016-17 had a positive net change between revenues and expenditures of \$503,944, prior to transfers out of \$135,000.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The Village of Kildeer's investment in capital assets for its governmental activities as of April 30, 2017 was \$22,879,933 (net of accumulated depreciation). This investment in capital assets includes land, roads, buildings, equipment, vehicles, and infrastructure.

	<u>Capital Assets - Net of Depreciation</u>	
	<u>2017</u>	<u>2016</u>
Land	\$ 13,482,500	13,482,500
Buildings	1,647,849	1,696,315
Equipment	99,200	100,422
Vehicles	83,418	82,240
Infrastructure	7,566,966	8,333,943
Total	<u>22,879,933</u>	<u>23,695,420</u>

This year's major additions included:

Equipment	\$ 30,578
Vehicles	33,911
Infrastructure	<u>16,733</u>
	<u>81,222</u>

Additional information on the Village of Kildeer's capital assets can be found in note 3 on pages 25 of this report.

VILLAGE OF KILDEER, ILLINOIS

CAPITAL ASSETS AND DEBT ADMINISTRATION – Continued

Debt Administration

At fiscal year-end, the Village of Kildeer had total outstanding debt of \$1,575,000, as compared to \$1,655,000, the previous year, a decrease of 4.8 percent. The following is a comparative statement of outstanding debt:

	Long-Term Debt Outstanding	
	2017	2016
General Obligation Bonds	\$ 1,575,000	1,655,000

The Village of Kildeer maintains an Aa1 rating from Moody’s for general obligation debt. Moody’s rating was Aa2 in fiscal year 2017. State statutes limit the amount of general obligation debt a non-home rule governmental entity may issue to 8.625 percent of its total assessed valuation. The current debt limit for the Village of Kildeer is \$26,893,112. Current debt outstanding of \$1,575,000 represents just 5.9 percent of the legal debt limit.

Additional information on the Village of Kildeer’s long-term debt can be found in note 3 on pages 26 - 28 of this report.

ECONOMIC FACTORS AND NEXT YEAR’S BUDGET AND RATES

The Village Board approved a balanced budget for FY 2017-18. Each fund within the Budget was evaluated to project whether programmed expenditures can be met with reasonably anticipated revenues. Fiscally conservative assumptions were incorporated into the revenue projections to comply with the Board’s philosophy of not spending money the Village does not have.

In brief, the major sources of revenue for the Village are sales tax, property tax and income tax. Major Village expenses include the police department, general government (which includes building department, facility maintenance and sales tax rebate to the shopping center) and public works (snow plowing and street maintenance).

Officials of the Village of Kildeer considered many factors when establishing the budget for FY 2017-18. One of those factors was the economy. In light of the fact that 50 percent of all revenue is derived from retail sales tax, only conservative estimates of future revenues are used for budgeting purposes, the same policy that was followed over the last seven years.

VILLAGE OF KILDEER, ILLINOIS

Management's Discussion and Analysis April 30, 2017

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES – Continued

State actions to divert money from municipalities to the state include proposals to reduce income tax distributions to municipalities and a property tax rate freeze. Such state action would reduce Village revenues and make it more difficult to deliver municipal services to residents. The likelihood of an adverse impact on municipal revenues caused by state action is a significant threat to the success of any annual budget.

In 2017 the Illinois General Assembly enacted a provision to impose a 2% collection fee on that portion of a municipality's sales tax above 1%. The Village of Kildeer's municipal sales tax portion is 1.5% and the 2% collection fee will represent a decrease of approximately \$14,667 in sales tax revenue.

The Village of Kildeer is a non-home rule community and it is subject to a real estate tax cap of 105 percent of the previous year's levy or the consumer price index (CPI), whichever is lower. The 2017 CPI is 2.1 percent which translated into only a small increase in property tax revenues and future CPI rates are not anticipated to change significantly.

The Village of Kildeer's financial strengths include a stable property tax base with a strong demographic profile, the presence of reserves and a robust retail sales tax base. Currently there are four shopping centers in the Rand Road corridor with approximately 560,000 sq. ft. of retail space available.

Annual sales tax revenue declined in FY 2016 by \$101,663, or about 5%. In FY 2017 sales tax revenue declined only by \$7,657, or about 0.4%. The decline would have continued in FY 2018 with the closing of two large retailers in one of the shopping centers but additional sales from the new shopping center are expected to offset the loss and result in an overall increase in future sales tax revenue.

Revenues from residential construction will also vary in future budgets. Commercial building fees will decrease with the completion of the fourth shopping center but permit and impact fees will increase from an approved 31 unit residential subdivision and two proposed residential subdivisions with a total of 94 units expected to start construction in 2018.

Looking ahead, long-term challenges for the Village consist of maintaining the high quality of municipal roads and fully funding the police pension. The police pension was created in 2007 and in 2009 the first retiree began to draw from the fund. Now, due to disabilities and retirements, there are 11 people drawing from the fund and only seven sworn police officers actively working. In FY 2015 the police pension was 38% funded. In FY 2016 the police pension fund was only 34% funded due to a change in the mortality tables to reflect the fact that retirees are living longer. In FY 2017 the pension fund is 38% funded. A goal of the Village Board is to fully fund the police pension as soon as possible.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Village of Kildeer's finances for anyone with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to the Chief Village Officer, Village of Kildeer, 21911 Quentin Road, Kildeer, IL 60047.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-Wide Financial Statements
- Fund Financial Statements

Governmental Funds

Fiduciary Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

VILLAGE OF KILDEER, ILLINOIS

**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of
Governmental Funds to the Statement of Activities**

For the Fiscal Year Ended April 30, 2017

Net Change in Fund Balances - Total Governmental Funds \$ 607,784

Amounts reported for governmental activities in the Statement of Activities
are different because:

Governmental funds report capital outlays as expenditures. However, in the
Statement of Activities the cost of those assets is allocated over their estimated
useful lives and reported as depreciation expense.

Capital Outlays	81,222
Depreciation Expense	(893,424)
Disposals - Cost	(3,600)
Disposals - Accumulated Depreciation	315

The net effect of deferred outflows (inflows) of resources related to the pensions
not reported in the funds.

Change in Deferred Items - IMRF	40,540
Change in Deferred Items - SLEP	6,379
Change in Deferred Items - Police Pension	(633,788)

The issuance of long-term debt provides current financial resources to
governmental funds, while the repayment of the principal on long-term
debt consumes the current financial resources of the governmental funds.

Increase in Compensated Absences Payable	(1,849)
Increase in Net Pension Liability - IMRF	(66,313)
Increase in Net Pension Liability - SLEP	(13,297)
Decrease in Net Pension Liability - Police	391,181
Retirement of General Obligation Bonds Payable	80,000
Amortization of Discount on Debt Issuance	(749)

Changes to accrued interest on long-term debt in the Statement of Activities
does not require the use of current financial resources and therefore, are not
reported as expenditures in the governmental funds.

VILLAGE OF KILDEER, ILLINOIS

Notes to the Financial Statements April 30, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Kildeer (Village), Illinois, was incorporated in 1958. The Village is non home-rule municipality, under the 1970 Illinois Constitution, located in Lake County, Illinois. The Village operates under a President-Trustee form of government and provides the following services as authorized by its charter: public safety (police), streets, public improvements, planning and zoning and general administrative services.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the Village's accounting policies established in GAAP and used by the Village are described below.

REPORTING ENTITY

The Village's financial reporting entity comprises the following:

Primary Government:	Village of Kildeer
---------------------	--------------------

In determining the financial reporting entity, the Village complies with the provisions of GASB Statement No. 61, "The Financial Reporting Omnibus – an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the Village. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

Police Pension Employees Retirement System

The Village's sworn police employees participate in the Police Pension Employees Retirement System (PPERS). PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the Village's President, one elected pension beneficiary and two elected police employees constitute the pension board. The participants are required to contribute a percentage of salary as established by state statute and the Village is obligated to fund all remaining PPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it is legally separate from the Village, the PPERS is reported as if it were part of the primary government because its sole purpose is to provide retirement benefits for the Village's police employees. The PPERS is reported as a pension trust fund.

VILLAGE OF KILDEER, ILLINOIS

Notes to the Financial Statements

April 30, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION

Government-Wide Statements

The Village's basic financial statements include both government-wide (reporting the Village as a whole) and fund financial statements (reporting the Village's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The Village's police, street maintenance and reconstruction, forestry, building code enforcement, public improvements, economic development, planning and zoning, and general administrative services are classified as governmental activities. The Village does not have any business-type activities.

The government-wide Statement of Net Position is: (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The Village's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The Village first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Village's functions (general government, public safety, public works, etc.). The functions are supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.).

The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs are normally covered by general revenue (property tax, sales tax, intergovernmental revenues, interest income, etc.).

This government-wide focus concentrates on the sustainability of the Village as an entity and the change in the Village's net position resulting from the current year's activities.

VILLAGE OF KILDEER, ILLINOIS

Notes to the Financial Statements

April 30, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements

The financial transactions of the Village are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. Funds are organized into two major categories: governmental and fiduciary. The emphasis in fund financial statements is on the major funds in the governmental activities categories. Nonmajor funds by category are summarized into a single column. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets/deferred outflows, liabilities/deferred inflows, revenues or expenditures/expenses of either fund category) for the determination of major funds. The Village electively added funds, as major funds, which either had debt outstanding or specific community focus. The nonmajor funds are combined in a column in the fund financial statements. A fund is considered major if it is the primary operating fund of the Village or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the Village:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Village:

General fund is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is a major fund.

Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Village maintains one major fund, the Motor Fuel Tax Fund. The Motor Fuel Tax Fund is used to account for the proceeds of specific revenue sources that are restricted to expenditures for specified purposes.

VILLAGE OF KILDEER, ILLINOIS

Notes to the Financial Statements

April 30, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements – Continued

Governmental Funds – Continued

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital. The Village reports the Capital Projects Fund as a major fund.

Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support Village programs. The reporting focus is on net position and changes in net position and is reported using accounting principles similar to proprietary funds.

Pension trust funds are used to account for assets held in a trustee capacity for pension benefit payments. The Police Pension Fund accounts for the accumulation of resources to be used for disability and retirement annuity payments to employees covered by the plan.

Agency funds are used to account for assets held by the Village in a purely custodial capacity. The Escrow Fund is used to account for completion bonds and professional escrow accounts. The Special Service Area Fund is used to account for collection of property taxes within special service areas and payments of related special service area debt.

The Village's fiduciary funds are presented in the fiduciary fund financial statements by type (pension trust and agency). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the Village, these funds are not incorporated into the government-wide statements.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, governmental activities are presented using the economic resources measurement focus as defined below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate.

VILLAGE OF KILDEER, ILLINOIS

Notes to the Financial Statements

April 30, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Measurement Focus – Continued

All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

All pension trust funds utilize an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows and liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported. Pension trust fund equity is classified as net position.

Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The Village recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, sales and use taxes, franchise taxes, licenses, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

VILLAGE OF KILDEER, ILLINOIS

Notes to the Financial Statements

April 30, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Basis of Accounting – Continued

All pension trust and agency funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

Cash and cash equivalents on the Statement of Net Position are considered to be cash on hand, demand deposits, cash with fiscal agent.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the Village categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes, sales and use taxes, franchise taxes, and grants.

Prepays

Prepays are valued at cost, which approximates market. The cost of governmental fund-type prepaids are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements.

VILLAGE OF KILDEER, ILLINOIS

**Notes to the Financial Statements
April 30, 2017**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the Village as a whole. Infrastructure such as streets, traffic signals and signs are capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs. Donated capital assets are capitalized at estimated fair market value on the date donated.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Buildings	50 Years
Equipment	5 Years
Vehicles	5 Years
Infrastructure	25 - 40 Years

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents an acquisition of net position that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

VILLAGE OF KILDEER, ILLINOIS

Notes to the Financial Statements

April 30, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Compensated Absences

The Village accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as “terminal leave” prior to retirement.

All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Long-Term Obligations

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted – All other net position balances that do not meet the definition of “restricted” or “net investment in capital assets.”

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

Budgets are adopted on a basis consistent with generally accepted accounting principles. Annual budgets are adopted for all funds. All annual appropriations lapse a fiscal year end.

Budgeted expenditures are controlled at the departmental level with the Chief Village Officer's oversight. All transfers and any revisions that change the total expenditures not contemplated of any fund must be approved by the Village's Board of Trustees. All budget amendments must be approved by the Village's Board of Trustees.

The budget was approved on April 19, 2016. No budget amendments were made.

NOTE 3 – DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The Village maintains a cash and investment pool that is available for use by all funds except the pension trust funds. Each fund type's portion of this pool is displayed on the financial statements as "cash and investments." In addition, investments are separately held by several of the Village's funds.

Permitted Deposits and Investments – Statutes authorize the Village to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, and Illinois Funds. Pension funds may also invest in certain non-U.S. obligations, mortgages, veteran's loans, life insurance company contracts, money market mutual funds and common and preferred stocks.

The Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. Although not registered with the SEC, Illinois Funds operates in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at the share price, the price for which the investment could be sold.

VILLAGE OF KILDEER, ILLINOIS

Notes to the Financial Statements

April 30, 2017

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

The deposits and investments of the Pension Fund are held separately from those of other Village funds. Statutes authorize the Pension Fund to make deposits/invest in interest bearing direct obligations of the United States of America; obligations that are fully guaranteed or insured as to the payment of principal and interest by the United States of America; bonds, notes, debentures, or similar obligations of agencies of the United States of America; savings accounts or certificates of deposit issued by banks or savings and loan associations chartered by the United States of America or by the State of Illinois, to the extent that the deposits are insured by the agencies or instrumentalities of the federal government; credit unions, to the extent that the deposits are insured by the agencies or instrumentalities of the federal government; State of Illinois bonds; pooled accounts managed by the Illinois Funds Market Fund (Formerly known as IPTIP, Illinois Public Treasurer's Investment Pool), or by banks, their subsidiaries or holding companies, in accordance with the laws of the State of Illinois; bonds or tax anticipation warrants of any county, township, or municipal corporation of the State of Illinois; direct obligations of the State of Israel; money market mutual funds managed by investment companies that are registered under the Federal Investment Company Act of 1940 and the Illinois Securities Law of 1953 and are diversified, open-ended management investment companies, provided the portfolio is limited to specified restrictions; general accounts of life insurance companies; and separate accounts of life insurance companies and mutual funds, the mutual funds must meet specific restrictions, provided the investment in separate accounts and mutual funds does not exceed ten percent of the Pension Fund's plan net position; and corporate bonds managed through an investment advisor, rated as investment grade by one of the two largest rating services at the time of purchase. Pension Funds with plan net position of \$2.5 million or more may invest up to forty-five percent of plan net position in separate accounts of life insurance companies and mutual funds. Pension Funds with plan net position of at least \$5 million that have appointed an investment advisor, may through that investment advisor invest up to forty-five percent of the plan net position in common and preferred stocks that meet specific restrictions. In addition, pension funds with plan net position of at least \$10 million that have appointed an investment advisor, may invest up to fifty percent of its net position in common and preferred stocks and mutual funds that meet specific restrictions effective July 1, 2011 and up to fifty-five percent effective July 1, 2012.

VILLAGE OF KILDEER, ILLINOIS

Notes to the Financial Statements

April 30, 2017

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Village Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

Deposits. At year-end, the carrying amount of the Village's deposits for governmental activities totaled \$3,694,714 and the bank balances totaled \$3,803,080. In addition, the Village has \$1,906,831 invested in the Illinois Funds at year-end, which is measured at net asset value per share as determined by the Pool.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Village does have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The Village's investment in the Illinois Funds has an average maturity of less than one year.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Besides investing in instruments authorized under State Statute, the Village's investment policy states that investments are to be limited to the safest types of securities. Additionally, the Village's investment in the Illinois Funds is rated AAAM by Standard & Poor's.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Village's deposits may not be returned to it. The Village investment policy does not address custodial credit risk for deposits. At year-end, \$1,812 of the bank balance of deposits was not covered by collateral, federal depository or equivalent insurance.

For an investment, this is the risk that in the event of the failure of the counterparty, the Village will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Village's investment policy does not specifically address custodial credit risk for investments. At year-end, the Village's investment in Illinois Funds is not subject to custodial credit risk.

Concentration Risk. This is the risk of loss attributed to the magnitude of the Village's investment in a single issuer. The Village's investment policy does not address concentration of credit risk. At year-end, the Village does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

VILLAGE OF KILDEER, ILLINOIS

Notes to the Financial Statements

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Police Pension Fund – Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

Deposits. At year-end, the carrying amount of the Fund’s deposits totaled \$191,905 and the bank balances totaled \$200,587.

Investments. The fair value and maturities of the Fund’s investments at year-end are as follows:

Investment	Investment Maturities (in Years)				
	Fair Value	Less than 1	1 to 5	6 to 10	More than 10
Corporate Bonds	\$ 1,976,574	332,996	1,134,329	509,249	-

The Fund has the following recurring fair value measurements as of April 30, 2017:

- Corporate Bonds of \$1,976,574 are valued using significant other observable inputs (Level 2 inputs)
- Mutual Funds of \$2,057,749 are valued using quoted prices in active markets for identical assets (Level 1 inputs)

Interest Rate Risk. The Fund’s investment policy does have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. The Fund’s investment policy authorizes investments in any type of security allowed for in Illinois statutes regarding the investment of public funds. The Corporate Bonds’ ratings are unavailable.

Custodial Credit Risk – Deposits. The Fund’s investment policy does not specifically address custodial credit risk for deposits.

Custodial Credit Risk – Investments. The Fund’s investment policy does not specifically address custodial credit risk for investments. At year-end, all of the Fund’s bank balances were fully collateralized or insured.

Concentration Risk. The Fund investment policy places no limit on the amount the Fund may invest in any one issuer. In addition to the securities and fair values listed above, the Fund also has \$2,057,749 invested in mutual funds. At year-end, the Fund does not have any investments over 5 percent of net position restricted from pensions (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

VILLAGE OF KILDEER, ILLINOIS

Notes to the Financial Statements

April 30, 2017

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Police Pension Fund – Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk – Continued

The Fund's investment policy in accordance with Illinois Compiled Statutes (ILCS) establishes the following target allocation across asset classes:

<u>Asset Class</u>	<u>Target</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed Income	51.00%	1.80%
Domestic Equities	41.00%	5.90%
International Equities	4.00%	5.90%
Real Estate	1.00%	7.00%
Cash and Cash Equivalents	3.00%	0.00%

Illinois Compiled Statutes (ILCS) limit the Fund's investments in equities, mutual funds and variable annuities to 45%. Securities in any one company should not exceed 5% of the total fund.

The long-term expected rate of return on the Fund's investments was determined using an asset allocation study conducted by the Fund's investment management consultant in May 2017 in which best-estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding the expected inflation. Best estimates or arithmetic real rates of return for each major asset class included in the Fund's target asset allocation as of April 30, 2017 are listed in the table above.

Rate of Return

For the year ended April 30, 2017, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 6.84%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

VILLAGE OF KILDEER, ILLINOIS

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

PROPERTY TAXES

Property taxes for 2016 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by Lake County and are payable in two installments, on or about June 1 and September 1. The County collects such taxes and remits them periodically. The allowance for uncollectible taxes has been stated at 1% of the tax levy, to reflect actual collection experience.

CAPITAL ASSETS

Governmental Activities

Governmental capital asset activity for the year was as follows:

	Beginning Balances	Increases	Decreases	Ending Balances
Nondepreciable Capital Assets				
Land	\$ 13,482,500	-	-	13,482,500
Depreciable Capital Assets				
Buildings	2,423,308	-	-	2,423,308
Equipment	290,283	30,578	-	320,861
Vehicles	182,793	33,911	-	216,704
Infrastructure	22,318,522	16,733	3,600	22,331,655
	<u>25,214,906</u>	<u>81,222</u>	<u>3,600</u>	<u>25,292,528</u>
Less Accumulated Depreciation				
Buildings	726,993	48,466	-	775,459
Equipment	189,861	31,800	-	221,661
Vehicles	100,553	32,733	-	133,286
Infrastructure	13,984,579	780,425	315	14,764,689
	<u>15,001,986</u>	<u>893,424</u>	<u>315</u>	<u>15,895,095</u>
Total Net Depreciable Capital Assets	<u>10,212,920</u>	<u>(812,202)</u>	<u>3,285</u>	<u>9,397,433</u>
Total Net Capital Assets	<u>23,695,420</u>	<u>(812,202)</u>	<u>3,285</u>	<u>22,879,933</u>

Depreciation expense was charged to governmental activities as follows:

Public Works and Transportation \$ 893,424

VILLAGE OF KILDEER, ILLINOIS

**Notes to the Financial Statements

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund Balances

The composition of interfund balances as of the date of this report, is as follows:

Receivable Fund	Payable Fund	Amount
Capital Projects	General	<u>\$ 235,000</u>

Interfund balances are advances in anticipation of receipts.

Interfund Transfers

Interfund transfers for the year consisted of the following:

Transfer In	Transfer Out	Amount
Capital Projects	General	<u>\$ 135,000</u>

Transfers are used to move unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

LONG-TERM DEBT

General Obligation Bonds

The Village issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation/alternate revenue bonds are direct obligations and pledge the full faith and credit of the Village. General obligation bonds currently outstanding are as follows:

Issue	Beginning Balances	Issuances	Retirements	Ending Balances
\$2,025,000 General Obligation Refunding Limited Debt Certificates of 2011, due in annual installments of \$70,000 to \$150,000 plus interest at a rate of 3.00% to 5.375% through February 1, 2031.	<u>\$ 1,655,000</u>	-	80,000	<u>1,575,000</u>

April 30, 2017**

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

LONG-TERM DEBT – Continued

Long-Term Liability Activity

Changes in long-term liabilities during the fiscal year were as follows:

Type of Debt	Beginning Balances	Additions	Deductions	Ending Balances	Amounts Due within One Year
Governmental Activities					
Compensated Absences	\$ 5,503	3,698	1,849	7,352	1,470
Net Pension Liability - IMRF	112,893	66,313	-	179,206	-
Net Pension Liability - SLEP	-	13,297	-	13,297	-
Net Pension Liability - Police	7,379,530	-	391,181	6,988,349	-
General Obligation Bonds	1,655,000	-	80,000	1,575,000	85,000
Less: Unamortized Bond Discount	(10,485)	-	(749)	(9,736)	(749)
	<u>9,142,441</u>	<u>83,308</u>	<u>472,281</u>	<u>8,753,468</u>	<u>85,721</u>

The compensated absences, the net pension liabilities and the net other post-employment benefit obligation are generally liquidated by the General Fund. Payments on the general obligation bonds are made by the General Fund.

Legal Debt Margin

Chapter 65, Section 5/8-5-1 of the Illinois Compiled Statutes provides, "...no municipality having a population of less than 500,000 shall become indebted in any manner or for any purpose, to an amount, including existing indebtedness in the aggregate exceeding 8.625% on the value of the taxable property therein, to be ascertained by the last assessment for state and county purposes, previous to the incurring of the indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the municipality's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979."

Assessed Valuation - 2016	<u>\$ 311,804,197</u>
Legal Debt Limit - 8.625% of Assessed Value	26,893,112
Amount of Debt Applicable to Limit	
General Obligation Bonds	<u>(1,575,000)</u>
Legal Debt Margin	<u>25,318,112</u>

VILLAGE OF KILDEER, ILLINOIS

Notes to the Financial Statements

April 30, 2017

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

LONG-TERM DEBT – Continued

Debt Service Requirements to Maturity

The annual debt service requirements to maturity, including principal and interest, are as follows:

Fiscal Year	Governmental Activities	
	General Obligation	
	Bonds	
	Principal	Interest
2018	\$ 85,000	76,706
2019	85,000	73,518
2020	90,000	69,906
2021	95,000	66,082
2022	100,000	62,044
2023	100,000	57,294
2024	105,000	52,544
2025	110,000	47,556
2026	120,000	42,332
2027	125,000	36,182
2028	130,000	29,776
2029	135,000	23,112
2030	145,000	15,856
2031	150,000	8,062
Total	<u>1,575,000</u>	<u>660,970</u>

Non-Commitment Debt

Special Service Area Bonds

Special service area bonds outstanding as of the date of this report totaled \$1,145,000. These bonds are not an obligation of the Village and are secured by the levy of an annual tax on the real property within the special service area. The Village is in no way liable for repayment but is only acting as agent for the property owners in levying and collecting the tax, and forwarding the collections to bondholders.

VILLAGE OF KILDEER, ILLINOIS

**Notes to the Financial Statements
April 30, 2017**

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

NET POSITION/ FUND BALANCE

Fund Balance Classifications

In the governmental funds financial statements, the Village considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The Village first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

Committed Fund Balance. The Village reports committed fund balance in the General Fund. Board ordinance approval is required to establish, modify or rescind a fund balance commitment. The Village’s Board has committed funds to future debt service costs related to the construction of the Village Hall and subsequent refinancing of that debt and to future Village Hall maintenance costs.

Assigned Fund Balance. The Village reports assigned fund balance in the Capital Projects Fund, a major fund. The Village’s Board/Directors have assigned the funds in this fund to future improvement projects and equipment and vehicle purchases based on approved Board/management expenditures as determined through the annual budget process.

The following is a schedule of fund balance classifications for the governmental funds as of the date of this report:

	General	Special Revenue Motor Fuel Tax	Capital Projects	Totals
Fund Balances				
Nonspendable				
Prepays	\$ 55,085	-	-	55,085
Restricted				
Public Works and Transportation	-	618,735	-	618,735
Committed				
Facility Maintenance	100,000	-	-	100,000
Debt Service	160,173	-	-	160,173
	260,173	-	-	260,173
Assigned	-	-	811,476	811,476
Unassigned	4,308,340	-	-	4,308,340
Total Fund Balances	4,623,598	618,735	811,476	6,053,809

NET POSITION/ FUND BALANCE – Continued

Net Position Classifications

Net investment in capital assets was comprised of the following as of April 30, 2017:

Governmental Activities	
Capital Assets - Net of Accumulated Depreciation	\$ 22,879,933
Less Capital Related Debt:	
General Obligation Limited Debt Certificates of 2011	(1,575,000)
Unamortized Bond Discount	<u>9,736</u>
Net Investment in Capital Assets	<u><u>21,314,669</u></u>

NOTE 4 – OTHER INFORMATION

RISK MANAGEMENT

The Village is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the Village’s employees. These risks are provided for through insurance from private insurance companies.

The Village currently reports all its risk management activities in the General Fund. There were no significant changes in insurance coverage's from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

CONTINGENT LIABILITIES

Litigation

The Village is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, except as noted below, in the opinion of the Village’s attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the Village.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Village expects such amounts, if any, to be immaterial.

NOTE 4 – OTHER INFORMATION

COMMITMENTS

Sales Tax Agreements

The Village has an agreement to share sales tax revenue with the developer of the shopping center known as the Kildeer Marketplace which opened for business in March 2013. Pursuant to that agreement, the Village shall retain the first \$200,000 of sales tax revenue and the Village shall rebate the next \$200,000 to the developer. The Village and the developer will equally share the remaining sales tax revenue until January 31, 2025 or when the total payments to the developer reach \$1,250,000. For the year ended April 30, 2017 the Village collected \$275,195 of sales tax and will rebate \$137,598 to the developer.

JOINT VENTURE

Solid Waste Agency of Lake County (SWALCO)

The Village is a member of SWALCO, which consists of forty-one municipalities. SWALCO is a municipal corporation and public body politic and corporate established pursuant to the Constitutions of the State of Illinois and the Intergovernmental Cooperation Act of the State of Illinois, as amended (the Act). SWALCO is empowered under the Act to plan, construct, finance, operate and maintain a solid waste disposal system to serve its members.

Member percentage shares are subject to change in future years based on the combination of the population and equalized assessed valuation of the municipalities.

The members form a contiguous geographic service area which is located in Lake County. Under the Agency Agreement, additional member may join SWALCO upon the approval of each member.

SWALCO is governed by a Board of Directors, which consists of one appointed representative from each member municipality. Each Director has one equal vote. The officers of SWALCO are appointed by the Board of Directors. The Board of Directors determines the general policy of SWALCO, makes all appropriations, approves contracts, adopts resolutions providing for the issuance of bonds or notes by SWALCO, adopts bylaws, rules and regulations, and exercised such powers and performs such duties as may be prescribed in the Agency Agreement or the bylaws.

SWALCO is an oversight advisory board providing long-range planning services to member municipalities. The Village is a participant in SWALCO, but no agreement has been reached as to the services to be provided.

Complete financial statements can be obtained from the Solid Waste Agency of Lake County, 1300 N. Skokie Highway, Suite 103, Gurnee, IL 60031.

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS

The Village contributes to three defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system, the Sheriff's Law Enforcement Personnel Fund (SLEP), which is administered by the IMRF, and the Police Pension Plan which is a single-employer pension plan. A separate report is issued for the Police Pension Plan and may be obtained by writing to the Village at 21911 Quentin Road, Kildeer, Illinois 60047. IMRF does issue a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained on-line at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

Illinois Municipal Retirement Fund (IMRF)

Plan Descriptions

Plan Administration. All employees (other than those covered by the Police Pension Plan) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

IMRF provides two tiers of pension benefits. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

April 30, 2017

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Illinois Municipal Retirement Fund (IMRF) – Continued

Plan Descriptions – Continued

Benefits Provided – Continued. Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Plan Membership. As of December 31, 2016, the measurement date, the following employees were covered by the benefit terms:

	Regular Plan	SLEP
Inactive Plan Members Currently Receiving Benefits	2	-
Inactive Plan Members Entitled to but not yet Receiving Benefits	2	1
Active Plan Members	3	1
Total	<u>7</u>	<u>2</u>

Contributions. As set by statute, the Village’s Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The Village’s annual contribution rate for calendar year 2016 for the Regular Plan was 9.39% and for SLEP was 11.44% of covered payroll.

Net Pension Liability. The Village’s net pension liability was measured as of December 31, 2016. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

VILLAGE OF KILDEER, ILLINOIS

Notes to the Financial Statements

April 30, 2017

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Illinois Municipal Retirement Fund (IMRF) – Continued

Plan Descriptions – Continued

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2016, using the following actuarial methods and assumptions:

	Regular Plan	SLEP
Actuarial Cost Method	Entry Age Normal	Entry Age Normal
Asset Valuation Method	Market	Market
Actuarial Assumptions		
Interest Rate	7.50%	7.50%
Salary Increases	3.75% to 14.50%	3.75% to 14.50%
Cost of Living Adjustments	2.75%	2.75%
Inflation	2.75%	2.75%

For nondisabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality tables was used with fully generational projection scale MP-2014 (base year 2012). IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for nondisabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

Notes to the Financial Statements

April 30, 2017

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Illinois Municipal Retirement Fund (IMRF) – Continued

Discount Rate

The discount rate used to measure the total pension liability was 7.50% for the Regular Plan and SLEP, and 7.49% for the Regular Plan was used in the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that Village contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, IMRF's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Discount Rate Sensitivity

The following presents the plan's net pension liability/(asset), calculated using a Single Discount Rate of 7.50%, as well as what the plan's net pension liability/(asset) would be if it were calculated using a Single Discount Rate that is 1 percent lower or 1 percent higher:

	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
Regular Plan			
Net Pension Liability	\$ 367,254	179,206	21,261
	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
SLEP			
Net Pension Liability/(Asset)	\$ 30,306	13,297	(1,052)

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Police Pension Plan

Plan Descriptions

Plan Administration. The Police Pension Plan is a single-employer defined benefit pension plan that covers all sworn police personnel. The defined benefits and employee and minimum employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/3-1) and may be amended only by the Illinois legislature. The Village accounts for the Fund as a pension trust fund. The Fund is governed by a five-member pension board. Two members of the Board are appointed by the Village President, one member is elected by pension beneficiaries and two members are elected by active police employees.

Plan Membership. At April 30, 2017, the measurement date, membership consisted of the following:

Inactive Plan Members Currently Receiving Benefits	11
Inactive Plan Members Entitled to but not yet Receiving Benefits	1
Active Plan Members	<u>8</u>
Total	<u><u>20</u></u>

Benefits Provided. The following is a summary of the Police Pension Plan as provided for in Illinois State Statutes.

The Police Pension Plan provides retirement benefits through two tiers of benefits as well as death and disability benefits. Covered employees hired before January 1, 2011 (Tier 1), attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit of ½ of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.5 percent of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75 percent of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a police officer who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3 percent of the original pension and 3 percent compounded annually thereafter.

VILLAGE OF KILDEER, ILLINOIS

Notes to the Financial Statements

April 30, 2017

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Police Pension Plan – Continued

Plan Descriptions – Continued

Benefits Provided – Continued. Covered employees hired on or after January 1, 2011 (Tier 2), attaining the age of 55 or older with 10 or more years of creditable service are entitled to receive an annual retirement benefit equal to the average monthly salary obtained by dividing the total salary of the police officer during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Police officer salary for the pension purposes is capped at \$106,800, plus the lesser of ½ of the annual change in the Consumer Price Index or 3 percent compounded. The annual benefit shall be increased by 2.5 percent of such a salary for each additional year of service over 20 years up to 30 years to a maximum of 75 percent of such salary. Employees with at least 10 years may retire at or after age 50 and receive a reduced benefit (i.e., ½ percent for each month under 55). The monthly benefit of a Tier 2 police officer shall be increased annually at age 60 on the January 1st after the police officer retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3 percent of ½ of the change in the Consumer Price Index for the preceding calendar year.

Contributions. Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan and the administrative costs as actuarially determined by an enrolled actuary. However, effective January 1, 2011, ILCS requires the Village to contribute a minimum amount annually calculated using the projected unit credit actuarial cost method that will result in the funding of 90% of the past service cost by the year 2040. For the year-ended April 30, 2017, the Village's contribution was 99.43% of covered payroll.

Concentrations. At year-end, the Police Pension Plan does not have any investments over 5 percent of the net position (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Police Pension Plan – Continued

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation performed, as of April 30, 2017, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Market
Actuarial Assumptions	
Interest Rate	6.25%
Salary Increases	4.00% to 11.00%
Cost of Living Adjustments	2.50%
Inflation	2.50%

Mortality rates were based on the assumption study by an independent actuary in 2016. The table combines observed experience of Illinois Police Officers with the RP-2014 mortality table for blue collar adjustment and improved generationally using MP-2016 improvement rates.

Discount Rate

The discount rate used to measure the total pension liability was 6.25%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that Village contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

OTHER POST-EMPLOYMENT BENEFITS

The Village has evaluated its potential other post-employment benefits liability. Former employees who choose to retain their rights to health insurance through the Village are required to pay 100% of the current premium. However, there is minimal participation. As the Village provides no explicit benefit, and there is minimal participation, there is no material implicit subsidy to calculate in accordance with GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Post-Employment Benefits Other Than Pensions*. Therefore, the Village has not recorded a liability as of April 30, 2017.

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Budgetary Comparison Schedules – General Fund
- Combining Statement of Changes in Assets and Liabilities – Agency Funds

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

GENERAL FUND

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

SPECIAL REVENUE FUND

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital project funds) that are legally restricted to expenditure for specified purposes.

Motor Fuel Tax Fund

The Motor Fuel Tax Fund is used to account for the proceeds of specific revenue sources that are restricted to expenditures for specified purposes.

CAPITAL PROJECTS FUND

The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities.

TRUST AND AGENCY FUNDS

PENSION TRUST FUND

Police Pension Fund

The Police Pension Fund is used to account for the accumulation of resources to be used for retirement annuity payments to employees on the police force at appropriate amounts and times in the future. The fund does not account for the administrative costs of the system, which are borne by the General Fund. Resources are contributed by employees at rates fixed by law and by the Village at amounts determined by an annual actuarial study.

AGENCY FUNDS

Escrow Fund

The Escrow Fund is used to account for completion bonds and professional escrow accounts.

Special Service Area Fund

The Special Service Area Fund is used to account for the collection of property taxes within special service areas and payments of related special service area debt.

STATISTICAL SECTION

(Unaudited)

This part of the comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Village's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the Village's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the Village's most significant local revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the Village's current levels of outstanding debt and the Village's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the Village's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the Village's financial report relates to the services the Village provides and the activities it performs.
