HOLE 17
PAR 3 • 170 YARDS

One of the best par 3s in the country, the signature hole at Kemper Lakes features a semi-island green and is protected on three sides by water. The right side of the green is guarded by two large, deep bunkers. This hole features the widest green on the course, which can make for some very long putts. Heavily contoured, the green produces difficult chipping and putting from all directions.
